

SPICED PUMPKING

Battle your friends to see who can survive PSL Season in this fast-paced game of fall madness!

Trade!

Every turn, draw a card. Chance cards will contain instructions on the challenge meeting your business that day. If you do not have the resources to fulfill the requirements, you may buy them from a competitor; otherwise, you lose one health token.

Invest!

Drawing an upgrade card from the deck allows you the chance to purchase that upgrade for your shop. After purchasing, place the card face up in front of your Coffee Shop figure.

Sell!

Chance cards may contain customer orders to fulfill. Add up the capacity from each upgrade card you own to figure out if you can fulfill the order; if you can't, you'll receive a customer complaint.

Earn!

Fulfilling customer orders earns you cash, which you can later spend on upgrades or trading with your opponents.

Game Components

- Five Coffee Shop figures
- One deck of chance cards
- One deck of upgrade cards
- Two six-sided dice
- 60 health tokens
- \$20,580 in cash

Game Setup

Shuffle the chance and upgrade cards together. Each player starts with 1 Coffee Shop figure, 1 espresso machine card, and 2 barista cards set up in front of them, plus 10 health tokens and \$1500 cash. The player who last purchased a coffee goes first, and play proceeds to the left. The last player left standing wins.
